

FEATHER PROFESSIONAL RAZORS

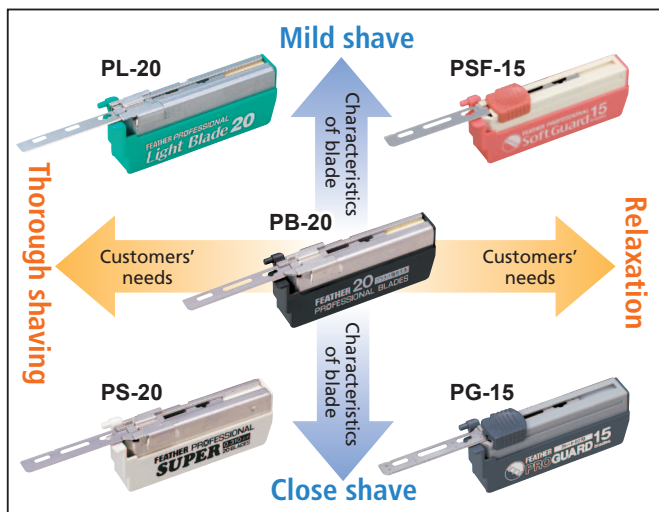

Feather shaving razors include "Razor type" and "Straight Razor type" in response to professionals' tastes and techniques. The Artist Club is a series of highly developed shaving razors designed for the professional barber needs and tastes. It is the most advanced barber and beauty razor in the world.

 <p>Professional Razor Artist Club DX (ACD-R) Weight : 55g</p>	<h2>DX Razors</h2> <p>The ultimate replaceable blade razor that is made by the strictest pursuit of comfort of razor shaving. The body is made with SUS316 stainless steel, which is strong against chemicals and rust.</p>  <p>Front view</p>
 <p>Professional Razor Artist Club DX Straight Razor (ACD-N) Weight : 45g</p>	
 <p>Professional Razor Artist Club DX Wood handle (ACD-RW) Weight : 56g</p>	
 <p>Professional Razor Artist Club SS (ACS-RB) Weight : 43g</p> <p>Handles of Wine color (ACS-RW) and Lime color (ACS-RL) are also available.</p>	<h2>SS Razors</h2> <p>Roundness of body tip and blade exposure are so well balanced and achieved very soft-feeling shaving. Main body is made with stainless steel that is superior in ductility and corrosion resistance.</p>  <p>Front view</p>
 <p>Professional Razor Artist Club SS Straight Razor (ACS-NB) Weight : 44g</p> <p>Handles of Wine color (ACS-NW) and Lime color (ACS-NL) are also available.</p>	
 <p>Professional Razor Artist Club SS Wood handle (ACS-RSW) Weight : 51g</p>	

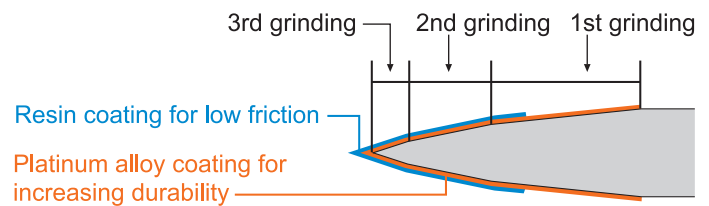

- Handles of ACD-R and ACS-RB/RW/RL are made with "Super engineering resin", handle of ACD-N is made with elastomer resin and handle of ACS-NB/NW/NL is made with silicone resin (all handle are resistant up to 135°C).
- The screw, which is connecting the body and handle, is anti-slipping design. (Patented)
- Blade-holding part has a spring-mounted, one-touch mechanism (patented), and can be easily dismantled and reassembled.
- Please use Feather Professional blade series for replacement blades.
- Please disinfect the razors by boiling or using ethanol. (Please do not apply those sterilization to the wooden handle of ACD-RW & ACS-RSW)
- Please do not use sodium hypochlorite for disinfection.

FEATHER PROFESSIONAL BLADES

Information		Dimension (mm)
Professional blade "PB-20" 	The long seller standard blade for all kinds of beard.	Blade thickness : 0.254mm 
Proguard "PG-15" 	Guarded razor blade. The half-rounded guard (patented) offers soft feeling and makes safe and smooth stroke, and long-duration.	Thickness: 0.35mm (Blade thickness: 0.15mm/Guard thickness: 0.1mm x2)   This roundness of guard is the key for soft feeling.
Light Blade "PL-20" 	Less blade exposure prevents blade edge from shaving closer, which delivers light feeling.	Blade thickness : 0.254mm 
Super Blade "PS-20" 	Thicker blade recommended for shaving heavy or hard beard stably.	Blade thickness : 0.31mm 
Soft Guard "PSF-15" 	Wavy guards deliver mild feeling. Recommended for women and people with sensitive skin.	Thickness: 0.35mm (Blade thickness: 0.15mm/Guard thickness: 0.1mm x2)  

Each blade features triple grinding for the optimal edge angle.
